

THE Business Etiquette TRAINING

Core Skills

Workshop Details

Success in any industry relies on positive relationships. Being polite and considerate in your interactions fosters engaging and lasting connections with co-workers, clients, suppliers, and investors. It's not just about the technical side of business; it's also about how you carry yourself in different situations. This workshop introduces participants to the principles of business etiquette and provides practical guidelines for applying them in various contexts.

Workshop Objective

To demonstrate an understanding of the principles of business etiquette and apply practical guidelines to effectively navigate diverse professional interactions with co-workers, clients, suppliers, and investors, thereby fostering positive relationships that contribute to success in their respective industries.

Mode of Learning

*Virtual Instructor-led – 4 hours online delivery.
In-Person Workshop- 6 hours in-person training*
